Dear Representative,

I am a survivor of an automobile accident. My accident was in 1993. I don't remember what happened, but I woke up in Henry Ford Hospital. I have been receiving treatment services since then. If you were to get rid of Auto No Fault I wouldn't know what to do or where to start up at. I wouldn't know where I'd be living either as I currently live in a group home. With Auto No Fault I have gone through years of rehabilitation and made tremendous strides in my recovery. If I didn't have the help of the insurance company I wouldn't have gotten as far as I have today. Please don't pass HB 4936 many lives would be ruined.

Sincerely,

Leonida Pritchett
